POF KIT, DO YOURSELF EASY CONNECTION, 1.5 mm DUPLEX

Electronic Links International, Inc. is introducing an optical kit in Plastic Optical Fiber (POF), intended to be used in residential, business, schools and hospital applications. The solution is capable to deliver a data rate of 100 Mbps with a visible optical eye safe self-install connector system.

The kit contains the following:

- Two media converters
- Two Power adapters
- 30 meters of duplex 1.5 mm POF cable
- Plastic clips to retain the cable
- Two RJ45 Ethernet cables
- Two USB power cables
- One cable cutter

With the option of a passive device to connect two POF cable together via an adapter to fit in a standard wall plate.

Other options are available such as switches, USB dongles, and larger cables quantities. Contact Electronic Links International, Inc. for more info.
